

## EPICUTÁN TESZTEK FÉM SOR

PÁCIENS NEVE:

Felhelyezés dátuma:

TAJ száma:

Asszisztens neve:

Kezelőorvos neve: Dr.

| S.sz. | Teszt | FÉMEK   | 30 perc |  | 48óra | 72 óra | 96óra | 7nap |
|-------|-------|---|---------|--|-------|--------|-------|------|
| 1     | MC70  | Ammonium heptamolybdate (vizes)                         |         |  |       |        |       |      |
| 2     | DM217 | Ammonium tetrachloroplatinate (platina)                 |         |  |       |        |       |      |
| 3     | MC258 | Zinc powder   |         |  |       |        |       |      |
| 4     | MC259 | Zirconium (IV) oxide                                    |         |  |       |        |       |      |
| 5     | MC253 | Silver colloidal  |         |  |       |        |       |      |
| 6     | MC248 | Gallium oxide   |         |  |       |        |       |      |
| 7     | DM216 | Ammoniated mercury (Hg-amidochlorid)                    |         |  |       |        |       |      |
| 8     | MC249 | Indium (III) chloride                                   |         |  |       |        |       |      |
| 9     | MC241 | Cadmium chloride  |         |  |       |        |       |      |
| 10    | NA21  | Cobalt-(II)-chloride hexahydrate                        |         |  |       |        |       |      |
| 11    | MC243 | Chromium (III) chloride                                 |         |  |       |        |       |      |
| 12    | ST170 | Potassium dichromate (kálium-dikromát)                  |         |  |       |        |       |      |
| 13    | ST167 | Nickel sulfate hexahydrate                              |         |  |       |        |       |      |
| 14    | DM230 | Tin (II) chloride (ón-klorid)                           |         |  |       |        |       |      |
| 15    | MC245 | Copper sulphate (réz-szulfát)                           |         |  |       |        |       |      |
| 16    | MC252 | Ruthenium (ruténium)                                    |         |  |       |        |       |      |
| 17    | MC256 | Titanium (IV) oxide (titán(IV) oxid)                    |         |  |       |        |       |      |
| 18    | MC264 | Ferrous chloride (vas-klorid)                           |         |  |       |        |       |      |
| 19    | MC247 | Ferrous sulphate (vas-szulfát)                          |         |  |       |        |       |      |
| 20    | DM228 | Sodium thiosulfoaurate (gold) 0,25                      |         |  |       |        |       |      |
| 21    | DM233 | Amalgam 20%   |         |  |       |        |       |      |
| 22    | MC242 | Chromium (II) sulphate (króm-szulfát)                   |         |  |       |        |       |      |
| 23    | MC244 | Cobalt (II) sulphate                                    |         |  |       |        |       |      |
| 24    | DM226 | Palladium chloride                                      |         |  |       |        |       |      |
| 25    | DM227 | Potassium dicyanoaurate                                 |         |  |       |        |       |      |
| 26    | MC251 | Potassiumchromate-(III)-sulphate (káliumkromát-szulfát) |         |  |       |        |       |      |
